A vote for Mr. Springer this year is a vote to continue the tariff agitation and the march toward free trade and pauper wages.

J. S. CLARKSON, who meddled so much with the Republican Presidential nomination in 1892, to the injury of the party, has opened up again. The party could well afford to be deprived of Clarkson's opinions.

The American tin plate mills have shut down on account of the new tariff act. This will please the English tin trust, of Wales, and ought to make the average Democrat very happy because it means less work for American workmen.

Macon county Democrats feel more confident every day that their ticket will win.—Decatur Review.

It is refreshing to know that the sense of feeling has returned to the Macon county Democrats soon after the great Democratic rally in Decatur.

SENATOR VEST describes Senator David B. Hill as "what you might call a political corporation." Grover Cleveland called the acts of Senator Vest and his gang in the senate "the communism of pelf," and Gorman called Cleveland a liar and deceiver, and yet in spite of all this the Democratic leaders call this a campaign of education. It looks most like a campaign of criminals.

THAT air of confidence and assurance among Republicans is not as pronounced as it was. They are fast concluding that they are not dead sure, after all. Meanwhile the Democrats are feeling in better humor over the prospects for Nov. 6.—Decatur Review.

Republicans should take warning from the foregoing. It is precisely the way the Democrats carried Ohio for "Larry" Neal in the campaign last fall which resulted in McKinley getting 81,000 majority. It don't take much to make the average Democratic campaigner "feel in better humor" when he can feel at all.

The Decatur Public Building. We hear some talk, in these troublesome times for Springer, to the effect that if Springer is returned to congress he will secure a government building for Decatur. There is not the least probability that Decatur will secure a public building under an administration that has to borrow money to pay the current expenses of the government. The Decatur Review something over a year ago, when it thought the Democratic party had the world by the ears, said:

"Now that Decatur is a Democratic district the Review promises that our city will get a government building at the earliest possible moment, or just as soon as the conditions of Uncle Sam's treasury, depleted by the raids of the pension looters will permit it. And we call upon our new congressman, Hon. William M. Springer, chairman of the ways and means committee, to devise the ways and means to make our promise good."

That pledge remains unfulfilled and even Mr. Springer did not enjoy the distinction of the chairmanship of the committee on ways and means. The Democrats in congress have been after the pension looters are after the Democratic party and have plenty of company in the chase. If the Democratic leaders in congress could transport the pension looters they might save some money, but if that were accomplished and congress remained in control of those who dictate its policy in the present congress, the savings would not be used to build government buildings in such places as Decatur. It would be used for public improvements in a warmer latitude. So in any event Springer will not succeed in getting a public building in Decatur. There is no more danger of such a promise being kept than there was that the promises made by the campaigners in 1892 that in case the Democrats got hold of the government there would be

no more 70-cent wheat and that wages would be raised.

But suppose Mr. Springer had the power, in case of his election, to secure a public building for Decatur worth \$50,000 or \$100,000, the people could not afford to send him back to congress. His votes in that body have already cost the people of Macon county more than the price of eight or ten such public buildings. The working people of Decatur have contributed to this loss, on account of Mr. Springer's votes in congress, at least \$30,000 in loss of wages and loss of work up to the present time; and in the increased price of sugar on account of the tax on sugar, for which Mr. Springer voted, the Decatur workmen will lose nearly \$6,000 a year. Added to this is the loss of business, the depreciation in the value of live stock and other property, all due to the votes cast in Congress by Mr. Springer. The loss the people of Macon county have suffered on account of Springer and his colleagues amounts to many times the cost of a public building and it would be very bad business policy to return Springer to congress in the hope of getting any part of this loss back through a public building in Decatur. The present administration will build no public buildings. It will have no money to do it with, and with the policy adopted by Mr. Springer and his party, if he were sent back to congress a dozen times more, Decatur would not get a public building. The Republican party is the only party that ever succeeded in giving the people public buildings.

### McKinley Covers the Case.

In his great speech in St. Louis Monday night Gov. McKinley, in a paragraph, exhausted the reasons why the Democratic party can not legislate for the country and why as a party it can not satisfy the people. He said:

But what would you have expected from an administration and congress elected as this one was elected? Free silver men voted for Mr. Cleveland here in Missouri, and men who did not believe in any silver at all voted for him. The men who are denominated some times the gold bugs of Wall street voted for him; the wildest inflationists voted for him; the state bank money men—the wildcat money advocates—voted for him, and the people who were utterly opposed to any kind of money except such as was issued by the government voted for him. The single tax man voted for him and people who distrust all such vagaries voted for him. The Democratic protectionist voted for him, and the Democrat who believed protection was a fraud and robbery voted for him. The Democratic protectionists who believed his party would not destroy the industries of the country voted for him, and the Democrats who believed that the custom houses of the country should be turned down voted for him. The Democratic pensioner voted for him and those who did not believe very much in pensions voted for him. Every variety on every subject voted for him, and my fellow citizens everybody who was dissatisfied voted for him and everybody who voted for him has been dissatisfied ever since.

## ROBBED OF \$47.

**J. W. Finley, of Oakley, Had His Pocket Picked at the Depot This Morning.**

This morning when Mr. and Mrs. J. W. Finley, a middle-aged couple, were in the act of getting off the Washab passenger train from the west, between six and seven o'clock, some one picked Mr. Finley's pocket of \$47 in cash. Mr. Finley was unable to catch the fellow, although he saw him, owing to the crowd around him. A young lady from Niantic on her way to St. Louis saw the robbery, and her description of the thief almost tallies with that of a local character whom the police are looking for to-day. Mr. Finley and his wife did not stop over, but left on the next train for their home at Oakley.

Some little time after the robbery Officer Lord showed up and the matter was reported to him, but it was then too late to start on a hunt. About two hours after Marshal Lehman appeared and scented around for a few minutes and went back up town. About 11 o'clock the Marshal was called to the Goodman saloon to arrest a fellow who flashed a \$20 bill, the size of a portion of the money Mr. Finley lost, but the Marshal sent word over to Officer Simeral to come over and arrest the man. That officer did so and after searching the man, was satisfied of his innocence and he released him. What a picnic Decatur is getting to be for all of the thugs of the country. Even an innocent country lad passed bogus checks here for 30 hours last week. Where are the police?

## New City Directory.

Chas. O. Ebel & Co., the directory publishers, have commenced work on their seventh issue of the Decatur City directory (1894-95). It will be the handsomest and most complete directory they have ever issued in Decatur. It will be a great advertisement of Decatur, showing it up in the best possible manner. Arrangements in connection with the Board of Trade, have been made to place from one to twelve copies in every city of note in this and neighboring states. The Board of Trade will also furnish a complete write up of the city, showing its advantages, increase in population, business, etc., etc. None of the old features will be omitted, but several new ones added, one of which is of especial value to the business public, and that is designating house owners and renters in the street number directory. All handsomely full cloth bound, embossed in gold, and indexed. Revised city map.

A young girl, tall, curly-headed and bright-eyed, sat near the fruit stand of which her father is the owner in Brooklya. Charles F. Erwin tried to kiss her and may have succeeded. She screamed. He was arrested, but protesting to Justice Goetting that his arrest was an outrage, for the girl had put her lips in a kissing position, he was discharged with a mild caution to be more careful.

—Sir Isaac Holden, M. P., has an odd taste. One-half of the week he is a vegetarian, during the rest of the week he seeks sustenance in the flesh-pots. He drowns his elixir in aerated water, will make a night journey on the Thames without an overcoat, will walk six miles, and can manage four big cigars after dinner without finishing. He is the eldest man but one in the house, and Mr. Gladstone's senior by four years.

All the talk in the world will not convince you so quickly as one trial of De Witt's Witch Hazel Salve for Scalds, Burns, Bruises, Skin Affections and Piles. C. H. Dawson.

J. N. Reynolds has exchanged his residence, implement warehouse and livery stable in Kankou for a farm in Indiana.

J. W. Richmond, of Fisher, has bought 2,800 acres at West Monon, Ind., for \$27 per acre.

Estimated for Thursday, 24,000.  
Cattle receipts 18,000. Market weak, 10c lower.  
Wheat opened a little bit higher on the war scare. Small receipts and cables were the secondary considerations responsible for the advance. The trade was good. The price went off, advanced, went off again, and then went to the top for the day, the advance being followed by a decline which carried the price into the neighborhood of the opening and there it ranged for the remainder of the session. Closing cables came higher.

Corn opened a little higher, except May, on the advance in wheat, small receipts and steady cables. The trade was good though fitful. The price went up from the opening until it touched the top for the day.

Oats except May, opened a little higher and made an advance from the opening followed by a slight decline, the advance being about 5c all around. Trade was fair.

Minneapolis got 419 cars of wheat and Duluth got 275 cars, making a total of 777 to-day against 1,045 yesterday and 865 a year ago to-day.

LONDON, 1 p. m.—Wheat steady; corn nothing offering. On passage; wheat quiet.

## A TERRIBLE CYCLONE.

The Business Portion of Little Rock, Ark.

### SWEEP BY A DESTRUCTIVE TORNADO.

Scores of Houses: Unroofed or Otherwise Damaged and the Streets Literally Strewn with the Wreckage and the Slain.

LITTLE ROCK, Ark., Oct. 3.—A terrible cyclone swept over the business portion of this city at 7:40 o'clock last night, carrying death and destruction in its path. Shortly after dark a heavy storm came from the west, accompanied by vivid flashes of lightning and heavy claps of thunder. The skies suddenly cleared, and the storm was thought to be over, when suddenly a heavy gale from the southwest appeared, and for three minutes the city was in the throes of death and destruction. The wind was terrific in the extreme. Trees, telegraph, telephone and electric-light poles were uprooted and carried a distance of 300 yards. The roof of about thirty of the largest buildings in the city were torn from the houses and hurled against buildings on the opposite side of the streets, leaving the occupants and property within to the mercy of the drenching rain which began to fall in torrents shortly afterwards.

When the cyclone had ceased it was discovered that the residence portion of the city had entirely escaped, but Main street to Third, Markham street from Center to Cumberland, and Second from Cumberland, were almost total wrecks.

This territory covers the principal business portion of the town. The Western Union telegraph office is located in the center of this district. The building was wrecked beyond recognition. The operators who were at work at their keys had narrow escapes. Operator Culbert, in particular, who was at work only twelve feet from the large two-story brick building recently vacated by the T. H. Jones company, had a miraculous escape from instant death. When the cyclone struck that building it blew it over on the Western Union building, the bricks and timbers came crashing through the latter building, and one of the bats striking him on the hip, inflicted a serious wound. He continued at work however, without a scratch other than above mentioned. None of the other operators were injured.

At 11 o'clock last night a message was received from the Insane asylum, situated two miles from the city, and the State penitentiary, just west of the Union depot, calling for a corps of physicians and other assistants. It is reliably stated that a number of patients at the asylum are fatally injured and great damage was done to the buildings. Reports from the penitentiary say six convicts were badly injured by falling timbers, two of whom will die.

Mayor Hall, as soon as possible, called out the entire fire and police departments, and sent ten back loads of physicians and citizens to the Insane asylum and penitentiary.

Intense excitement prevails, and it is utterly impossible to learn the names of the killed and injured. All kinds of exaggerated reports are in circulation.

Through the heroic services of Mayor Hall and his efficient chief of police, Frank McMahon, the injured and helpless are receiving the best of attention.

The loss to property alone will amount to at least \$1,000,000. Almost every building situated in the district was more or less damaged by the wind and water. The damage to the insane asylum will reach \$100,000, that at the penitentiary \$50,000, and the Capitol and Richellon hotels were badly damaged. Every window in both buildings was either broken to pieces or cracked. The business houses on East Markham and Third, are damaged to a great extent. The roofs on a majority of these buildings were torn away and stocks of goods entirely ruined.

Among the dead and injured are: Representative-elect C. T. Monroe, badly cut on the head and body by falling timbers; physicians say he will probably die. John Eaton, an employee at the Martin block, the home of Gov. Fishback, received internal injuries from which he will die before morning.

Capt. Sam O. Smith, a prominent citizen and resident agent of the firm of E. Allgeyer & Co., cotton factors, was in his office writing a letter when he heard the noise on the outside. Just as he reached the sidewalk a portion of a brick wall from a falling building on the opposite side of the street struck him on the head and four fingers on his right hand were broken. He will recover, though terribly cut and bruised.

John Edwards, with his infant baby in his arms, was found dead on Second and Rock streets by the police.

An aged negro couple was also found dead in a room of a roofless cabin in the same locality.

The relief corps was sent out at 11 o'clock, and up to midnight the above were the only reports received at headquarters.

The ill-fated streets are covered with poles, telegraph, telephone, electric light wires and debris from the wrecked buildings. Six electric street-car motors, ploughed on the track and Main street with heavy railings and poles. These motors are a total loss.

Gov. Fishback's quarters in the Martin block are a mass of ruins. The stock of the bank buildings of the city are in a state of confusion. Several frames containing the city's records, completely destroyed several of them.

A stampede took place among the convicts, but Supt. McConnell and his assistants soon succeeded in quieting them down. Fortunately, only about 125 convicts are inside the walls, the other 450 having been taken to Sunnyside plantation some days ago.

Leaving the penitentiary your correspondent drove out to the insane asylum. Here was found the greatest wreck. The roofs of the main buildings were completely demolished and several wards caved in completely destroying everything in sight. The main ward is a total wreck. Several insane patients made their escape, but were recaptured. Two men violently insane were captured near the Union depot shortly after midnight. It is not known how many inmates are killed or injured, as many are supposed to be buried in the ruins. Confusion was too great there to learn anything last night.

Dr. Jacob T. Ingate, who came here several months ago from Mobile Ala., to accept a position in the asylum, was killed and buried beneath the ruins of one of the buildings.

The loss to the buildings and contents at the asylum will reach \$125,000. This is considered a conservative estimate. Telegraph operators are a scarce commodity in Little Rock to-day. Manager Newton, of the Western Union, is now at work with a force of men and electricians clearing the debris from the main office. Not a wire is working from that point. Your correspondent finally ran across Mr. J. M. Culbert, who had been sent to the Union depot office to find an outlet for the accumulated business, where he was found and sent this dispatch on the wires of the railroad entering here. He is suffering from his bruises.

### ARCHBISHOP SATOLLI

Again Discredits the Story of His Recall by the Holy See.

WASHINGTON, Oct. 3.—Archbishop Satolli, apostolic delegate to the United States, is represented as becoming wearied of replying to inquiries based on misinformation as to his relations to the apostolic see and to this country. He has repeatedly stated to representatives of the United Press that he has not been advised of any intention on the part of the pope to recall him, and he has suggested that if any such purpose were entertained his past and present close personal relations with the supreme pontiff (whose pupil he was in boyhood and whose trusted friend he has been in later life), would imply a reasonable probability that such a purpose would be made known to himself before it was given to the newspapers. Consequently, when asked yesterday morning in regard to a positive statement published in a New York sensational paper that he was to go back to Rome, he replied through Dr. Papi, his secretary, that as he had received no official information of the matter, he did not believe the statement was accurate. He added, once more, that if there was any intention on the part of the pope to recall him, he thought he would probably hear of it quite as soon as anyone.

Another story, proceeding from a more reliable source, that Dr. Papi might resign his secretaryship of the legation to become actively connected with the order of Jesuits, was shown to Dr. Papi, but he declined to either confirm or deny the statement.

### THE JURY COULDN'T AGREE

Which Resulted in a Rogue not Meeting His Just Deserts.

DETROIT, Mich., Oct. 3.—The suit brought by the officers of the St. Paul national bank to recover \$19,000, was obtained therefrom April 19, 1892, by a man who gave the name of Cameron Elliott, but whom it is alleged was Stonehill J. de France, now a convict in the state prison upon conviction of a like forgery and confidence game upon the Kalamazoo national bank in the same year, was brought to a termination yesterday afternoon by the disagreement of the jury. Elliott dashed around St. Paul and Minneapolis in April, 1892, and made himself solid with bank officials there, alleging he was going to invest in real estate. He bought a parcel of land for \$19,000 and about the same time a draft for \$35,000 turned up. He deposited it with the St. Paul national bank, drew \$19,000 and disappeared. The draft turned out to be forged. The cashier identified DeFrance as the man Elliott. The defense in the present suit was an alibi. Judge Frazier charged that the only point was whether it was DeFrance who got the money. After being out six hours the jury sent word to the court that they could not agree and they were discharged.

### AN INVENTION OF THE ENEMY

Which the Minority Decline to Ratify with Their Votes.

ALBANY, N. Y., Oct. 3.—The minority delegates to the state constitutional convention have issued an address to the people giving their reasons for declining to vote for the address recently issued by the majority delegates. The address, which is quite lengthy, is a protest against the work of the convention which, the minority claim, was entirely shaped in the interests of the republican party as agreed upon by the republican members in caucus. The plan of apportionment agreed upon by the convention, the minority delegates say: "Is a scheme of districting, which is an audacious gerrymander."

### A British Steamer Ashore.

LONDON, Oct. 3.—The British steamer Patagonia, which sailed from Liverpool on August 25 for Valparaiso, is ashore at Torre, Chili, and will probably be a total wreck. The passengers and crew have been saved.

### A Prizeless Donation.

LONDON, Oct. 3.—The British Miners' association has voted a donation of £5,000 to the striking Scotch miners to enable the latter to carry on their fight against the masters.

—Passenger trains 35 and 36 on the Cleveland, Loraine & Wheeling road collided at Pauls, O., yesterday. Train 36 was loaded with Knights Templar bound for Cleveland. The collision was caused by the carelessness of the engineer, and only the reduced rate of speed at which the train was moving prevented a frightful loss of casualties. As it was, while no one was killed, everybody was more or less hurt.

—A woman's faithlessness caused a fatal shooting affray during the Vailed Prophet's Pageant in St. Louis.

St. Louis, Mo., Oct. 3.—At 9 o'clock last night, while the downtown district was overflowing with spectators of the Vailed Prophet's parade, two shots rang out at Seventeenth street and Franklin avenue. A panic ensued, and several people were injured in the rush.

When the police got to the scene, George Hussey, a booth-keeper at the fair grounds, was found dying on the sidewalk with a bullet through his brain. Mike Moran, with a smoking pistol in his hand, was attempting to make his escape through the crowd, but he was arrested. Moran fired the fatal shots. The tragedy was caused by the faithlessness of a woman and the jealousy of Moran.

## MIRACULOUS ESCAPE.

A Powder Wagon Run Down by a Train Without an Explosion.

CHESTER, Pa., Oct. 2.—The New York and Washington express train, on the Pennsylvania railroad this morning struck one of the Dupont powder wagons near Gordon Heights, killing one of the horses and perhaps fatally injuring the driver, and scattered one-pound cans of powder in various directions without an explosion. The wagon was on its way to the powder company's wharf, and it seems miraculous that the powder did not explode, in which event the train would probably have been wrecked.

## IT VIOLATES LAW.

And Church Fair Managers Will be Held to a Strict Accountability Therefor.

J., Oct. 3.—Judge Van Sickle, in the Union county court yesterday morning charged the grand jury that the practice at church fairs of holding drawings for prizes is a violation of the law against lotteries and as such an offense as race-track pool-selling and other gambling. He read a programme of a fair held in St. Joseph's Roman Catholic church, at North Plainfield, at which there were drawings, and charged the jurors to investigate it.

#### Reliability of the Central News Telegrams from the East of War.

LONDON, Oct. 3.—Apropos of the let-  
ter written to the Times by Sir Halli-  
day McCartney, secretary of the Chi-  
nese legation, in which the writer  
states that the reports of the battle be-  
tween the Chinese and Japanese at  
Ping Yang are not yet confirmed, the  
Japanese affirm the accuracy of the  
previous statements that the Chinese  
were completely routed. An official  
telegram received at the legation  
stated that the number of Chinese en-  
gaged exceeded 20,000, and, with the  
exception of some who fled, all were  
killed, wounded or taken prisoners.

As Sir Halliday McCartney especially  
challenged the accuracy of the Central  
News dispatches describing the disas-  
ter, a representative of the Westminster  
Gazette yesterday interviewed the  
manager of the Central News, who de-  
clined that Sir McCartney had any au-  
thority to impugn the correctness of  
the dispatches in question. The exist-  
ing state of affairs in Corea, the man-  
ager said, confirmed the truth of these  
dispatches.

According to the Chinese official  
statement, there have been 38,000  
Chinese troops in Corea; according to  
Sir Halliday, 9,000 of them retreated.  
Where are the rest of them?

The manager of the Central News  
will to-day write a letter to the Times  
in which he will say:

"Allowance must be made for the ex-  
ceptionally trying position of Sir Hal-  
liday McCartney, but, seeing that  
there is not a single armed Chinaman  
between Pusan and Wiju, it is super-  
fluous to discuss the question whether  
the defeat of the Chinese in Ping  
Yang was complete. Sir Halliday says  
we have no correspondent at Seoul.  
We have a correspondent at the front  
with the fighting forces, and his first  
message was sent through Seoul and  
was dated at the place where it was  
handed in."

Li Hung Chang Still in Power.  
LONDON, Oct. 3.—The Shanghai cor-  
respondent of the Central News tele-  
graphs:

"There is no sign in Tien-Tsin that  
Li Hung Chang's power is waning.  
His audiences are as well attended as  
they ever were. He has several thou-  
sand well-armed and regularly-paid  
troops, who protect visiting Euro-  
peans. Much anxiety is felt for the  
foreign residents, as the populace is be-  
having insolently and becoming un-  
usually threatening. The removal of  
the treasure and archives from Mou-  
kden has made a bad impression, being  
regarded as a display of weakness."

#### Influent Chinese Fear the Loss of Pekin.

LONDON, Oct. 3.—A Central News  
dispatch from Shanghai says many in-  
fluent Chinese have given expres-  
sion to a feeling of certainty that the  
Japanese will succeed in capturing  
Pekin.

The fright over the anti-foreign feel-  
ing is increasing in the Chinese capi-  
tal. Many of the Chinese residents of  
Moukden are removing their treasure  
from that city as rapidly as possible.  
It is now announced that Li Hung  
Chang will not proceed to Corea.

#### A Special British Cabinet Meeting Called for To-Morrow.

LONDON, Oct. 3.—A special cabinet  
council has been called for Thursday  
next, and the members of the ministry  
who are absent from the city have  
been hurriedly summoned to return.  
Telegrams have been sent to Sir Wil-  
liam Vernon Harcourt, who started  
yesterday for Italy, and others of the  
ministers who are in the country.  
Sudden new developments regarding  
the relations between Great Britain  
and France are without doubt the rea-  
son for the hasty summoning of the  
ministers.

#### Close of the World's Exhibition at Ant- werp.

ANTWERP, Oct. 3.—The World's ex-  
hibition, which was opened here on  
May 5 last by the king and queen of  
the Belgians, was formally closed yester-  
day with the distribution of awards.  
King Leopold and several of the mem-  
bers of the cabinet attended the closing  
ceremonies and the city was in  
fete. The largest number of awards  
granted to any one nation was received  
by France. Among her awards were  
159 grand prizes.

#### Will Not be Permitted to Enter Paris.

LONDON, Oct. 3.—A dispatch to the  
Standard from Paris says that La Pa-  
trie has a flaming article on the re-  
port that Emperor William proposes to  
visit Paris during the next World's  
fair. The paper declares that the em-  
peror will never be suffered to enter  
Paris until he shall have returned  
Metz and Strasburg to France.

#### Discontent with Chancellor Von Caprivi.

LONDON, Oct. 3.—A dispatch to the  
Times from Berlin says that the Na-  
tional Liberal congress at Berlin had  
adopted resolutions indicating great  
discontent with Chancellor Von Cap-  
rivi. The resolutions demand the  
annunciation of a clearer policy by the  
government on the colonial and Polish  
questions.

#### For the Daughter's Sake.

LONDON, Oct. 3.—A dispatch to the  
Standard from Berlin says it is stated  
that the empress kept the czar's illness  
secret as long as possible for the sake  
of their daughter, the Grand Duchess  
Xenia, who was married on August 6  
to the Grand Duke Michaelovitch and  
is now in poor health.

Their service was deadly, 11,237 of them were killed or mortally wounded in action, of whom 6,563 were left dead on the field of battle, 13,554 died before the expiration of their terms of enlistment, of disease contracted in the service; Thirty-seven Ohio soldiers out of every thousand fell dead or mortally wounded in battle; Forty-seven more died in the hospitals; Seventy-one more were honorably discharged unable to do the duty of soldiers by reason of wounds or sickness incurred in their Country's service.

They fought on well nigh every battle field of the war. Within forty-eight hours after the telegraphic call, two Ohio Regiments were on their way to the rescue of the imperiled Capital, in the Spring of 1861. An Ohio brigade, in good order, covered the retreat from the first Bull Run. Ohio troops formed the bulk of the army that saved West Virginia; the bulk of the army that saved Kentucky; a large share of the army that took Fort Donelson; a part of the army at Island No. 10; a great part of the army that, from Stone River, and Chickamauga, and Mission Ridge, and Konesaw, and Atlanta swept down to the sea and back through the Carolina to the Old Dominion.

They fought at Fes Ridge. They charged at Wagner. They campaigned against the Indians along the base of the Rocky Mountains. They helped to redeem North Carolina. They were in the siege of Vicksburg, the siege of Charleston, the siege of Richmond, the siege of Mobile, at Pittsburg Landing, at Antietam, at Gettysburg, at Corinth, in the wilderness, before Nashville, at Five Forks and Appomattox Court House, their bones reposing on the fields they won, are a perpetual binding pledge that no flag shall ever wave over these graves of our soldiers but the flag they fought to maintain.

"Always to honor, often to victory and at last to glorious success. Then, contemplating this whole magnificent offering to the National cause, they may come to say, with something of the pride with which we, who have seen these things with our own eyes and heard them with our ears, regard the noble State, the gracious mother of us all. This, this was Ohio in the War. This, this was Ohio in the War."

["Ohio in the War," by Whitelaw Reed.]

### TASTEFUL DECORATIONS.

The stage decorations at the Grand are patriotic and beautiful. They include a lavish display of rubber plants, Egyptian ferns, palms, asters and cannae kindly furnished by N. Bommersbach, the florist, placed at each side of the stage. Above is hung a large flag, with a looped flag on each side, producing an effect that won many compliments from the veterans and citizens who had never before witnessed such an

effect. The decorating committee comprised Mrs. Edna R. Kennedy, acting chairman; W. J. Wayne, D. A. Reeme, Captain Abel, L. A. Brockway, Mrs. W. F. Calhoun, Mrs. John Armstrong, Mrs. A. M. Sutton, Mrs. Dr. Spalding and Mrs. J. A. Reeve. The ladies were up last night until 11:15 at the home of Mrs. Armstrong arranging the Buckeye souvenirs, stringing the buckeyes with red, white and blue cords.

### THE DINNER.

The W. R. C. ladies served a splendid public dinner at the Arcade office building, which was liberally patronized by the veterans and citizens. Supper will be served to-night, and breakfast, dinner and supper to-morrow. Refreshments will be served to-night after the camp-fire.

### REMOVAL.

The Abel Carpet and Wall Paper Company to Move to the New Arcade Seven Story Building.

Mr. Abel began business in Decatur in the year 1867 in a small store room where the new Brenneeman stone front block is now going up. In these many busy years he has moved four times, securing larger quarters each time. His first move was to the Powers block which stood where the Linn & Scruggs store now stands; from there he moved to the W. F. Busher store on East Main street, and three years ago he moved to the W. H. Ennis building on North Water street, a fine store room, 22x10 feet, with basement the same size. He now secures the largest single store room in Decatur, being 34x132 feet, and basement same size. This building has just been completed through the enterprise of Mr. A. Wait, and is heated by steam and lighted with electricity from the basement to the seventh story, with the latest improved steam elevator, running from the basement to the roof. The rapid growth of Decatur and increased trade in his line has compelled Mr. Abel to make this move, and we predict for his business a growth that in the near future will crowd him in his new and spacious store.

The E. D. Bartholomew Co. will occupy the Ennis building as soon as Mr. Abel moves out, and will make it one of the finest retail stores in their line in the state, outside of Chicago.

### Cutting Affray on Lincoln Square.

There was an exciting fight on Lincoln Square at 10 o'clock last night, growing out of attentions paid to a young girl whose christian name is Eliza. It was all on account of Eliza, and Charlie Moore, a driver for the Stevens Bros., grocers, the son of a widow, got the worst of it. John and James Bray, who are employed at the St. Nicholas hotel, were in the racket. There was a razor used and Moore was cut on the hand to the bone and he got a slash in the back. John Ray had a bloody nose. The parties were taken to police headquarters. All will appear before Hammer this afternoon.

### Black Hussar in Aurora.

This morning Manager Haines received the following telegram about the Calhoun opera company which is to appear at the Grand next Monday night: AURORA, Ill., Oct. 2. FRANK W. HAINES, Decatur, Ill. Calhoun opera company played Black Hussar here to-night to a \$700 house. Production in every respect best ever here. T. P. SEICKLER, Mgr.
